This special version of the schedule provides a listing of BGSU Firelands Classes available at Norwalk High School. In addition, web based offerings of the college are included to provide a more comprehensive listing for students interested in course options close to home or work in Norwalk or available on a more flexible schedule.

Entries for each course below are shaded to facilitate reading. Adjacent entries with the same shading are "components" of the same course and must be taken together.

Updates and changes to this printed schedule are available at <http://www.firelands.bgsu.edu/schedules/>. Please use the Class Search to obtain a complete listing of all classes of the college as well as the latest information on class availability and information on course status (open/closed/wait list).

Course descriptions can be found in the 2009-2010 BGSU Undergraduate Catalog available on-line at <http://www.bgsu.edu/catalog/>

BGSU Firelands has attempted to make the information in this schedule as accurate as possible. However, errors can occur unintentionally. Thus, this schedule should not be considered to be a contract with Bowling Green State University. All BGSU Firelands courses are offered contingent upon the availability of instructors, sufficiently high enrollment and similar considerations. The right is reserved to modify or withdraw class offerings at any time prior to the second class meeting.
